

The screenshot shows a Microsoft Edge browser window with a live server setup. The address bar displays 'cse'. The left sidebar contains icons for file operations like Open, Save, Print, and Find. The main content area shows an HTML file named 'activity2.html' with code demonstrating various HTML tags. The code includes a title, head, body, p, h1, b, em, u, s, tt, strong, ul, li, ol, br, and a href. It also shows a blockquote example and a footer with company information. A status bar at the bottom indicates the server is started at port 5500, and a message box says 'Server is Started at port : 5500'. The bottom right corner shows a 'Don't show again' button and a close button.
